

Remarks:

This amendment is submitted in an earnest effort to advance this case to issue without delay. The examiner has indicated that the case contains allowable subject matter.

The specification has been amended to eliminate some minor obvious errors. No new matter whatsoever has been added.

Claim 14 has been found to contain allowable subject matter. Accordingly the subject matter of claim 14 has been inserted into independent claims 7 and 12, which have also been amended to better comply with US practice, and claim 14 has been canceled. The other claims have either been canceled or amended to better comply with US practice and to depend directly or indirectly from amended claims 7 and 12. This makes all the claims in the case allowable and puts the case in condition for allowance and passage to issue.

If only minor problems that could be corrected by means of a telephone conference stand in the way of allowance of this

case, the examiner is invited to call the undersigned to make the necessary corrections.
